

OMPHEMETSE PRINCE MOLUBI

Information Technology Graduate | Technical & Field Support | Stock & Customer Operations
Newtown, Johannesburg, Gauteng | 0686995210 | omphemetseprince@gmail.com

PROFILE

Reliable and adaptable graduate with hands-on experience in stock management, warehouse operations, and customer-facing roles across wholesale and retail environments, combined with a solid academic foundation in Information Technology and systems documentation. Comfortable working as part of a small operational team, managing day-to-day administrative, stock, and transaction-related tasks accurately, and maintaining a professional standard when engaging with customers on-site. Eager to bring this practical, detail-oriented work ethic to a technical field support role, with a strong willingness to learn hands-on technical and installation skills and pursue any required certifications.

KEY SKILLS

- Stock, Inventory & Warehouse Operations: stock counting, packing, stock-in/stock-out, order processing, deliveries
- Customer Service & On-Site Conduct: walk-in customer support, professional presentation, inquiry and issue resolution
- Documentation, Transactions & Reporting: processing sales/transactions, accurate record-keeping, administrative accuracy
- Teamwork & Reliability: worked within small operational teams, dependable, adaptable to physical and on-site work
- IT & Systems Foundation: SQL, Excel, Power BI, systems documentation, SDLC/Agile fundamentals, UAT
- Business Analysis: requirements gathering, process mapping (BPMN), SWOT/gap analysis, stakeholder communication
- Soft Skills: analytical thinking, problem-solving, communication, teamwork, adaptability, attention to detail
